There are no charter schools in this district.			

### **REPORT OF SUPERINTENDENT**

In 2013-2014, Clover School District soared to its highest academic performance in the last three years. The district began the year with an "Excellent" absolute rating and "Excellent" improvement rating on the state accountability report. Additionally, the district earned an "A" rating on its federal accountability report, making it one of only five districts across the state to achieve the highest scores on both the state and federal report cards in one academic year. Individually, eight of nine schools also earned "Excellent" ratings and one school earned a "Good" rating; while seven of nine schools earned an "A" federal rating and two earned a "B." Eight of nine schools earned Palmetto Gold and Silver Awards. Graduation rate reached an all-time high of 87.3% at Clover High School. Conversely, the district dropout rate dropped to 1.4%. The composite ACT mean score for Clover High students was a 20.9, which ranked the school 4th highest in the state of South Carolina. The average SAT score was 1474, outperforming the state at 1436 and scoring just under the national average of 1498. The number of students taking Advanced Placement and dual credit courses increased and AP exams scores continued to exceed the national average across eight of nine AP courses offered. Next year, the school board of Clover will offer its first local enhanced diploma with an Advanced Placement endorsement to honor those students who take five or more AP courses in their high school career.

Across the district, numerous accolades were given to programs, schools, and specific individuals. In the arts, Clover School District had several shining moments. The Clover High School Indoor Drumline competed in both state and national competitions and finished ranked #9 nationally. The Choraliers earned their tenth state championship. Clover Middle School won first place in the middle school state chorus competition and Oakridge Middle School came in second place. Clover High School was the state runner up in the Palmetto's Finest competition. Christy Wilson was named the National Family and Consumer Sciences Teacher of the Year. Griggs Road Elementary and Clover Middle School each received grants to add solar panels as an instructional tool for alternative energy. Finally, the district launched its new Mechatronics program in the Career and Technology Center and has plans to implement a new Welding program in the 2014-15 school year.

In the Clover Connected Classroom initiative, 33 teachers and over 1000 students participated in a pilot program for one-to-one instruction. Students in grades 3-8 used district-issued iPads at both school and home while students in grades 9-12 implemented MacBook Air laptops. In the 2014-15 school year, all students in grades 3-12 will have the opportunity to be in a take home one-to-one instructional setting. Students in grades Pre-K through grade 2 will use iPads at school.

Finally, the communities of Clover and Lake Wylie showed their support for the district by passing a 67 million dollar bond referendum. This new money will allow the district to begin planning for the addition of one new elementary school, a new Clover Middle School, a new 9th Grade Academy, upgrades to Memorial Stadium and athletic fields at the middle and high schools, and a new natatorium.
